1. Standard operating procedure and policies for maintaining and utilizing computer and ICT facilities.

1.1. BTIE was established in 2008-09 and the policy of the college is to be keep the faculty and students updated with recent development in ICT related activities. The IT facility is headed by faculty/In-charge along with the System Administrator.

Its objective is to provide state of the art hardware, software and networking support for the growth and development of college academics, Administration and Examinations activities. The computer laboratories are being upgraded from time to time.

Computer Laboratories

- . The computers are issued to the department centrally.
- . Serial number of issued computers is entered in the register.
- . The computers are maintained on a regular basis.

1.2 Maintenance of computer (Hardware & Software) Networking:

The computers are maintained in the institution by each department. This division provides the integrated IT services like smooth running of up-gradation and maintenance of college, website, Procurement of hardware, software.

1.3 The System Administration Looks Towards All ICT Equipment in the College

. Whenever there were a problem with ICT equipment or computer hardware and software the respective lab-in charge/ staff submits a request through, maintenance form to Lab- in-charge with approval of H.O.D to system admin.

- The Lab assistant will maintain one log book (History) containing the repair request.
- As per the priority of the maintenance call in the system admin personnel will attend to the problem.
- If the problem is solved there itself, the maintenance call in the maintenance register will be closed.
- An account for each item is thus maintained.
- . In cases of borrowing or lending of any tools/ equipment or any other item shall clearly be stated in the dead stock register and transfer from. This transfer shall be endorsed by the respective receiver or HODs while exit and entry.
